This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

TVBVS HISTORICVS:

An Hiſtoricall Perſpective;

Diſcovering all the Empires and Kingdomes of the WORLD, as they flouriſht reſpectively under the foure *Imperiall Monarchies.*

Faithfully compoſed out of the moſt approved Authours; and exactly digeſted according to the ſupputation of the beſt *Chronologers.*

(With a Catalogue of the Kings and Emperours of the chiefe Nations of the WORLD.)

By the late famous and learned Knight Sir *Walter Raleigh.*

——*Rex maximus ille eſt,*
Qui poterit Rex eſſe SUI.——

LONDON,
Printed by *Thomas Harper*, for *Benjamin Fiſher*, 1636.

220. £. 2.

BIBLIOTHECA BODLEIANA

TO THE MOST
Illuſtrious and hopefull
Prince

CHARLES,

Prince of Great Brittaine, *Duke*
of Cornwall, *&c.*
The Publiſher
In all Humbleneſſe
conſecrates
This Hiſtoricall Perſpective;
with Apprecation
Of all the moſt eminent Graces and
Triumphant Glories of his
Highneſſe moſt
Royall and Renowned Progenitors.

The Publiſher's Advertiſement to the Reader.

THis excellent Piece (modell to that Heroick Worke, *The Hiſtory of the World*) being an exquiſite Abſtract and Summary of all the famous Kingdomes and Empires that ever were; how worthy it is of publick view, will ſoon appeare to a diſcerning judgement. In this ſuccinct Recollection is contrived (by a *Dædalean** Hand) the *Apoteleſma* and effect of infinite Volumes; the

* Autor opus laudat, Ovid. de Ponto. lib. 4 Eleg. 9.

Originall, Progreſſe, and Duration of the moſt Glorious Monarchies & flouriſhing States of the World. A Synopſis ſo mainly conducent and eſſentially neceſſary to the right underſtanding of all Sacred and Secular Hiſtories, as without the conduct thereof (the like being never yet extant in Engliſh) ſmall benefit can accrew to ordinary Readers. To reduce ſuch a World of Matter, into ſo compendious Forme, can be adiudg'd no leſſe then an *Herculean* taske. But of This, vulgar Capacities are as incompetent Iudges, as blinde Men of Colours. This Perſpective is not fitted to the dull ſight of Self-opinionate Ignarões. To the intelligent and iudicious Peruſer, if it prove a gratefull worke

(as

(as to ſuch, undoubtedly it will) the Publication may be juſtly reputed *Operæ pretium. Ave (mi Lector) & fave huic Opellulæ*: cui intùs Ambroſia.

Tubus Hiſtoricus.

An Hiſtoricall Perſpective, diſcovering all the Empires and Kingdomes of the World, as they flouriſht reſpectively under the foure Imperiall Monarchies.

The Empires or Kingdomes of the World, are either univerſall and chiefe, uſually ſtiled Monarchies.

viz.

- In *ASIA*
  - 1 *Aſſyrian*
    - Entire began, in the year of the World, 1789.
    - Divided into the
      - *Babylonian* or *Chaldaan*, began 3150, cõtinued 285 years.
      - *Median*, began 3149 cõtinued 309 years.
  - 2 *Perſian*, began *Anno mundi* 3435, continued 207 yeares.

In

Sir VValter Raleigh's
